

Registration of Interest

2018-19-32

Lydia Street Retaining Wall

A gabion retaining wall system is required to reinstate the failed retaining walls supporting the roadside adjacent to 33 Lydia Street, Greymouth. One of the design drawings is provided below.

Interested companies are invited to register their interest for the above proposed project. All you need to provide at this stage are the following:

1. Name of Company
2. Company Address
3. Contact person and contract details
4. Details that show Council that your company and employees have the experience, qualifications, skills and resources to do the work at the proposed location.
5. An indication as to when your company would be available to commence the project.
6. An indication of how much notice you company would need to price the works and submit a tender.

All companies that register an interest will be sent the contract documents should Council decides to proceed to tender.

This Registration of Interest is not a formal contract offer.

It only signals that Council is considering this project and wishes to gage the market interest of suppliers in tendering for the works should it decide to proceed with the project.
